IIPMM PROFESSIONAL CERTIFICATION & EDUCATION

INSTITUTE BACKGROUND

The Irish Institute of Purchasing and Materials Management (IIPMM) was formed over thirty-five years ago to promote the purchasing and supply profession through education and training. The Institute's aim is to promote excellence in all aspects of purchasing and supply management in both the public and private sectors. It is a not-for-profit, non-commercial organisation that is managed and controlled by its members.

The Institute offers HETAC accredited Education Programmes, hosts one or two day Focused Skills Training seminars and other events throughout the year to keep its members in touch with latest thinking in Purchasing and Supply Management.

The IIPMM also promotes a number of initiatives that contributes directly to the Irish economy. Since 2008 the Institute has been successfully securing Skillnet funding and promoting the Procurement and Supply Management Skillnet network. Thanks to this initiative the IIPMM's Training Programme is heavily subsidised.

Also SpringBoard funding is available for Job Seekers on the selected Programmes.

IIPMM

Leading Procurement and Supply Management

ABOUT THE EDUCATION PROGRAMME

"IIPMM is the first professional body in the world to have a recognised formal degree programme" - **Charles Holden, the Director General, International Federation for Purchasing and Supply Management (IFPSM)**

"Having completed my higher certificate in the programme I can honestly say it was the best decision I took with regard to my further education." - **Cóilín Fisher**

"I found this course very rewarding and beneficial in the execution of my role, as a result I would highly recommend it to anyone who wishes to progress their career within the area of Procurement." - **Teresa Blake, Zurich Insurance plc**

"I found the return to study after 13 years away to be daunting, however the block-learning format was suited to my circumstances and allowed me the flexibility to complete the course as well as juggle a new senior role and a young family. The tutors were supportive and always at the end of an e-mail if you had particular concerns." - **Chris Quinlan, Dublin Bus**

SCHOLARSHIPS

If you are a Job Seeker, you can avail of a full scholarship on the selected IIPMM programmes through the Higher Education Authority's SpringBoard funding. Apply online via www.bluebrick.ie and contact IIPMM for more details.

If you wish to start your career as a buyer or to progress to a procurement managerial role the IIPMM qualification is a must! These HETAC accredited, part-time programmes provide a mix of business and procurement related modules that will give you the skills and knowledge to develop your competence and expertise that will add value to your employer and you.

There is a choice from the three awards that can be finished in as little as four months. They are a part of the IIPMM Honours Degree Programme and are designed with the busy professional in mind. These are great stand alone qualifications, but should you wish to progress, these programmes will enable you to enter the Institute's Higher Certificate in Business, Procurement and be exempt from the modules already completed.

Programmes commence in September - APPLY NOW!
